## LAKE PLACID

### Auto and Motor Races Mark a Glorious Fourth.

Lake Placid, N. Y., July 8.—The event of the week has been the celebration of the Fourth. Visitors and permanent dwellers alike entered into the spirit of the holiday which, besides the usual parade and games, was notable for a series of thrilling automobile and motorcycle races. The course was one mile in length, the village fathers having closed the main street to traffic, and this constituted the speedway.

Several motors were driven over the course in time approaching one minute, but the motorcycle was faster, the time for the winner being 39 seconds. A brilliant display of fireworks in the evening and an illumination of Mirror Lake ended a glorious day. The arrangements were in the hands of L. Wasserman, of New York.

The lakes are dotted with motor boats and canoes both day and evening. Swimming, too, has its devotees. Many of the fair sex among the campers are becoming quite proficient at the sport. Within the week the daughter of a prominent New Yorker swam the length of Mirror Lake and returned.

There will be a meeting of the Shore Owners' Association on July 10. President Seligman has called the meeting to take place at the Lake Placid Yacht Club, notices being mailed by the Secretary, Charles D. Alton.

Parade camp has been opened for nearly a week. Mr. and Mrs. C. R. Erdman, with their two daughters, May and Alice, will stay for the summer. Victor Herbert, who left Camp Jordan some days ago, has returned.

Arthur Lewis, the New York real estate operator, is here with Mrs. Lewis for the summer. They have taken apartments at the Lakeside Inn. Mrs. A. W. Meigs and Mrs. B. Seligman, of New York City, are also at the Inn.

Automobile parties are still numerous. Among the most notable is that from Great Falls, Mont., consisting of J. E. Noyes and W. C. Baker, who are on their way to New York City.

Among others registered at the Lakeside are Jacob Simon and Mrs. L. Simon, George Pollock, Mrs. A. Natanson, J. C. McChesney, Arthur Hall, of New York City; Thomas Scott, Philadelphia; Mr. and Mrs. William A. Ryan, Jr., of Toronto.

Mr. and Mrs. Robert Coleman, of New York City, have joined the summer colony. Municipal Court Justice Marks and Mrs. Marks are spending several weeks here. Mr. Marks has established a record with the red and line and lost every day and night singing for the funny tribe.

Mr. and Mrs. Willerson and daughter, of New York City, are traveling over the mountains in their car. They expect to be in this region for some time. They are guests at the Lake Placid Inn. Miss Winifred Watson, of New York, was guest of Miss M. C. Brown for a short time.

The Grand View has been much in favor since its recent opening. The cool breezes blowing across the hill top make it a most inviting place in summer time. Among the first arrivals were W. W. Walters, of the Criterion Theatre, who will remain until the theatrical season reopens. Mrs. Walters and Miss Maconda. It is expected that George C. Dougherty will be here all season.

Other recent arrivals at the Grand View are William Stahl and Miss Emma Stahl, Mr. Malins, Miss E. Malins and Miss E. Martin, of New York City; Mrs. H. Nieland, Jr., and Henry Nieland, Jr., of Brooklyn; Mrs. G. Moore and children and Frank Morris and family, of Havana, Cuba.

FIRST NAPOLEON CARICATURE. Napoleon in caricature is one of the most popular of subjects. Indeed, the European political caricature from 1798 until 1815 may be said to have been Napoleon. Although in France this form of pictorial art was rigidly suppressed, Gifford and Rowlandson in England and a score of artists in Germany and Austria were depicting the great Emperor as the most infamous of monsters.

The first known caricature of Bonaparte was drawn years before the First Campaign, when the Bourbons still sat upon the throne of France. It is reproduced in Norwood Young's "The Growth of Napoleon." Young Bonaparte's years at the military academy at Brienne were not happy ones. He was a Corsican, and at that time Corsica was a recently conquered province.

The cartoon, which was drawn by a schoolmaster, represents the future Emperor standing, a severe and determined look upon his face, with both hands on the top of a musket, resting the butt on the ground. A smaller figure behind him, an old man whose nose nearly reaches his chin, is pulling him back by his wig.

Napoleon's feet face in two directions— one forward, the other backward. Underneath is written: "Bonaparte rubs to the aid of Paul to come hurrying from the hands of his enemies." These words have been struck through with a pen, which has also been drawn across the face of Napoleon— "Stockman."

BETTER ARMY HORSES NEEDED. "It is gratifying, of course, to read the reports of the good impression our cavalry horses made at the Olympia Horse Show, near London, but the fact that none won a prize only proves what has been long asserted by horsemen in this country—that no intelligently directed effort ever has been made to improve the cavalry remount," said J. P. Mayberry, of Sheephead Bay, N. Y., at the Raleigh.

"The fact that the horses that are representing our country in England were purchased only a few months ago is additional and more emphatic evidence that we need some new blood in our horses. If we need to compete with the cavalry of other countries, I am mighty glad this horse is being held. For it may result in the establishment of a government breeding bureau that will give us in the future remounts equal to those of any in the world."

These are the views of an interested observer in this question as shown by their support of the army races given at various horse meetings recently. It really seems as if we are waking up," Washington Post.

## SARANAC LAKE

### Baseball Games and Water Carnival Features of the Fourth.

Saranac Lake, N. Y., July 8.—The last week has been a busy one at Saranac Lake, in the Adirondacks, and though the weather has been warm interest has not abated in the entertainments provided. On Monday afternoon the professional men met the business men in a return game of baseball, and turned the tables with a heavy score. On Tuesday the regular baseball nine of Saranac Lake met a high school nine and won with a good margin. Tuesday's activities closed with the water carnival on Lake Flower in the evening, when the parade of decorated floats, accompanied by the Saranac Lake band, made the circuit of the lake, amid fireworks and red lights. Many of the houses along the shore were brilliantly illuminated, and the scene was a very pretty one. The entire town turned out for the event.

Mr. and Mrs. Hurt W. Andrews, of Washington, are spending a few days at the Berkeley before taking a cottage in town for the summer.

C. H. Goodale, of Philadelphia, has joined the summer colony on Colby Lake, where he has taken the Moody camp.

Ballard, of Cadillac, Mich.

## WESTPORT.

Westport, N. Y., July 8.—One of the interesting events of the week at Westport, and there were many—was a handicap motor boat race from the Westport Inn, back down around Casey Reef and back, and eight boats entered the contest. The winners of the race took the manner to settle a dispute of long standing, and the boats were handicapped according to the speed claimed by them. Captain Roy Patterson won the race with his 20-foot boat, the Odd. Lee Crook finished second, and Wimbrey J. De Renne, with his new craft, was third. At the close of the race the winners induced the timekeepers to destroy the records, and refuse to divulge the remarkable speed of their craft.

W. Le Renne, of Savannah, Ga., continues his onslaught of bass, but has yielded the honors of a single catch to Abram De Ronde, another of the cottagers at the Inn, who took twenty-two fish at one trip. Mr. De Ronde had thirteen pike and nine bass and perch. Mason Landers, with his son, Frank Landers, and E. L. Sterling, all of New York, spent two hours angling in the harbor at Westport and returned with fifty-six fish, forty-two of which were pike and the rest bass and perch.

Miss Alice Damsch, daughter of Mr. and Mrs. Walter Damsch, of New York, has launched a new sailboat at Westport, and is treating her friends to sailing trips on Lake Champlain. Miss Damsch handles the craft skillfully.

Ramuel P. Avery, of New York, is entertaining a house party of friends at his camp on Burton Island, across the lake from Westport. Mr. Avery and his guests are devoting much time to cruising.

One of the converts to Westport summer life is Mrs. H. M. Barkesdale, of Wilmington, Del., who with Mr. Barkesdale is coming to occupy the Shelley Cottage. Mrs. Barkesdale is planning to entertain extensively, and among her prospective guests is Mrs. T. Coleman du Pont, who at present is taking an ocean cruise on her large yacht.

Mr. and Mrs. Edgar M. Morganman, of Omaha, Neb., with Mr. and Mrs. Buck, have arrived at Westport Inn, to occupy the Elm Cottage. Mr. and Mrs. W. T. Some are housed in the garage at Paul Smith's while others have their own sheds at camp. Among the most enthusiastic of the motoring contingent this season are E. Heyward Perry, William C. Wilcox, Mrs. John Murray Mitchell, Henry A. Budd, Dr. George

## UPPER SARANAC.

Upper Saranac, N. Y., July 8.—A spirit is manifest among people on Upper Saranac Lake to launch a boat faster than the Keelboat, owned by Charles M. Daniels, the champion amateur swimmer. Last year Henry Graves, Jr., of New York, had a fast boat, the Eagle, which, during the winter, Mr. Graves installed one of the fastest engines in round form in the market. The Eagle is now about ready to be tried, but Mr. Daniels has not been caught napping, and during the winter has done something to the engines of his boat. In the mean time Julius S. Barlow, of New York, has put new engines in his boat, the Perhaps, and it gives promise of a speed of thirty miles an hour. Adolph Lewin, who has a large camp on the southern end of the lake, will launch a new thirty-six-foot speed boat next week. John R. Dunlap, of New York, and Edward P. Merwin, Jr., will also launch fast craft.

Dr. and Mrs. R. M. Brown, of New York, with a party of friends, journeyed down the lake to Prospect Point, where they entertained with a picnic. The surprise of the day was when Dr. Brown landed a large camp on the southern end of the lake, will launch a new thirty-six-foot speed boat next week. John R. Dunlap, of New York, and Edward P.
